Learn Grow Fun Play

Mum N Kids Club Preschool Day Care

Our Toddler Preschool and Day care Program nurtures your child with creativity, self-expression, communication and social interaction skills.

We employ the Reggio Emilia Approach for our preschool program, focusing on children led, play base activities, outdoor nature, sensory and art. Our teacher-to-student ratio is small and we encourage children initiatives in their exploration.

Your child will explore all sorts of activities through fun play and pick up skills that are crucial for their next milestones.

These include healthy expression of emotions, enhanced motor skills, greater concentration, enhanced self-esteem, healthy social skills, and cognitive problem solving skills.

Health Breakfast and Lunch are planned with dedication for the well being of your child.

Program Curriculum

8.45 - 9.40 : Free Play and Outdoor

9.40 - 10.15 : Clean up and Breakfast

10.15 - 10.45: Circle time

10.45 -11.15: Storytelling and reading

11.15 -12.15: Mum N Kids Program

(Love, Faith and Joy Class)

12.15-12.45: Clean up and Lunch

12.45-13.00: Relax and Pick up

Day Care services till 6.00pm

We have a wonderful organic garden and an outdoor place for water and messy play. We have a beautiful Outdoor Pavilion for the children to enjoy their outdoor moments too.

LOVE CLASS

We give our fullest love, care and attention to the group of explorers who are overcoming separation anxiety.

We guide them to pick up basic communication and expression skills, fine and gross motor skills and we facilitate the young ones to achieve cognitive and emotional milestones. We aim to help our little explorers gain confidence and feel secure so that they can enjoy learning and growing.

FAITH CLASS

Faith Class believes that our toddlers are all unique individuals borne to succeed and excel in their own way.

We aim to guide toddlers to gain self-help skills through interactive children led activities. We encourage healthy social interaction between peers and we incorporate play base activities related to art, practical life skills, language, math, science and environmental to promote growth and learning experiences.

JOY CLASS

Think. Reason. Question. Experiment. These are just a few of the skills and qualities that children will develop at Mum N Kids Club. Since our founding, we've focused on supporting kids during all transitions throughout childhood. All activities are designed to adequately nurture the emotional and intellectual growth of our kids. Through stimulating situations and hands-on learning opportunities, young children are free to develop into bright young minds.

Sensory Play, Loose Parts and Art!
